

In-Ground Well Light (SGL20)

Applications:

The Source In-Ground Well Light (SGL20) is perfect for areas where a below-grade fixture is required, such as in turf, hardscaped areas, or places where you have a 360° perspective and want to hide the light source. It's ideal for highlighting landscaping and architectural features.

Features:

- ▶ Solid brass body
- ▶ Aged brass finish
- ▶ Shroud with clear convex glass lens
- ▶ Lead wire 5' 18AWG
- ▶ MR-16 bi-pin porcelain socket (lamp not included)
- ▶ Recommended lamp: Source Lighting MR-16 lamps, consult lamp guide for options
- ▶ Fixture housing lifetime warranty
