

Transition Adapters (XCBPTLTA & XCBPTA2)

CAST Transition Adapters - Unlimited Mounting Options

Description:

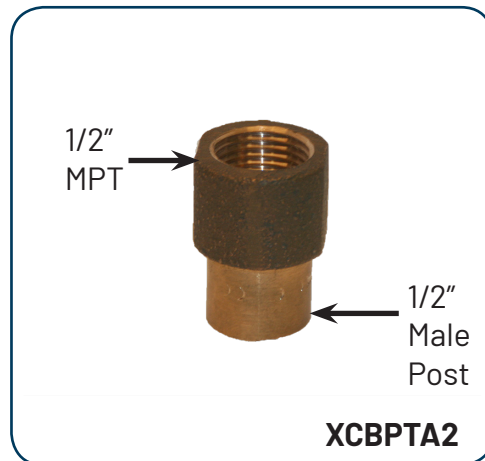

CAST Lighting offers 2 types of solid-bronze Adapters to allow you to transition from threaded or un-threaded fixture posts to our mounting/stem accessories that could be threaded or un-threaded.

XCBPTLTA:

Transition Adapter is 1/2" MPT x 1/2" female socket, solid-bronze with thumb screw for socket lock down.

Use Example:

To use the Heavy Mounting Stake (), which is 1/2" FPT, with current CAST Lighting Path Lights, Stem Extensions (XCBPSTEMS) or Telescopic Extensions (CWTRS), use the XCBPTLTA adapter.

XCBPTA2:

Transition Adapter is 1/2" FPT X 1/2" male post, solid-bronze.

Use Example:

To use a threaded stem or a threaded post fixture with our Set-n-Stake® mounting accessories use the XCBPTA2.

1/2" Threaded Fixture Post

1/2" Threadless Fixture Post
